

Company : Quadeye
Company Name : Quadeye
Nature Of Business : High Frequency Trading
Designation : Intern- Systems

Tentative Job Location : Gurgaon

Quadeye is one of the largest India-based proprietary trading firms. Since inception, we have consistently grown at a handsome rate and have a distinct track record of success behind us. We run a stable business spread globally across various asset classes. Our greatest strength is our work culture which takes a collaborative and non-hierarchical approach against an opposing prevalence in the industry. We strive as one team to stay ahead of the competition all the time.

We are looking to hire talented individuals who would like to join us as Summer Interns with our Systems team in Gurgaon. You will be working with other exceptional software and quantitative professionals to gain knowledge about quantitative trading while demonstrating your skills on a variety of projects.

Your responsibilities will include:

- Description :**
 - Conduct research on projects using mathematical, statistical and programming skills
 - Research financial literature to generate new trading ideas and test them
 - Understand and work on various projects in order to improve/enhance methodology, technology, adding new functionality and features, which can be implemented to present and future business requirements

Skills Required:

- Pursuing an engineering degree in Computer Science or equivalent from Premier Institutes
- Good problem-solving skills and quantitative aptitude
- Strong background in data structures, algorithms and object-oriented programming, preferably in C++ or C
- Ability to manage multiple tasks in a fast-paced environment
- Strong work ethics and communication skills
- Knowledge of Linux, R, Python/Perl is a plus
