

Tentative Job Location : Gurgaon/Bangalore

American Express is a global services company that provides consumers and businesses with exceptional access to products, insights and experiences that enrich lives and build business success.

What you choose to do for a living is one of the most meaningful decisions you can make. At American Express, our job is to help you excel at yours. We provide experiences to become a great leader, a world of opportunities to grow your career, and an inclusive culture to help you thrive. Because the best way to back our customers is to back our people.

- An iconic global brand, where you can grow as a leader
- Meaningful and rewarding work that is performed with integrity
- A culture of learning in collaboration with great colleagues and leaders
 - A unique career journey shaped by your talent and curiosity
 - Support and trust to thrive in your career and life

A single decision can have many outcomes. And when that decision affects hundreds of thousands of customers and employees, it needs to be the right one. That's where our Credit & Fraud Risk and Enterprise Digital & Analytics teams comes in. CFR & EDA are the backbone of all financial services operations at American Express—it impacts every aspect of the company.

Description :

We offer a student program to strengthen your skills and help shape your future personally and professionally. The Internship Program is considered one of the key entry points for our full-time campus hires. It is a project-based program that provides you with the opportunity to address real business challenges and offers you access to senior leaders, professional development activities, fun social events and more.
