Growth Engineer- Superpro.ai

Superpro.ai is building an all-in-one video communication service for powering business workflows to help companies grow in the changed world. We bring the Future of Workflows to power the Future of Work.

Superpro.ai has been built with ease-of-use in mind. We serve companies of all sizes, from startups to large enterprises helping them launch their live courses, power online events, or teleconsultations for healthcare and other services. We started in the middle of lockdown in 2020 as a “virtual first” company and will continue the same way.

As part of the team, you will join a crew of 2x-3x founders, investors, experts, and geeks working to deliver the best experience possible in video communication. Our recent work of creating solutions for the new normal got us a special mention in YourStory’s Tech 30 TechSparks 2020 high potential tech start-ups in India. We are backed by amazing investors including SOSV. If you believe the new world needs a new approach to business video communication, talk to us.

What's the opportunity?

Description : **PS:** In case you want to pursue software engineering as you career this internship is not for you, however you are an engineer and you want to be in product, strategy, data science this will be apt for you .
