## **2020 Citi Internal Audit - Innovation**

**Junior Analyst**

### **Company Description:**

Citi, the leading global financial services company, has approximately 200 million customer accounts and does business in more than 140 countries. Through Citicorp and Citi Holdings, Citi provides consumers, corporations, governments and institutions with a broad range of financial products and services, including consumer banking and credit, corporate and investment banking, securities brokerage, and wealth management. Additional information may be found at [www.citigroup.com](http://www.citigroup.com) or [www.citi.com](http://www.citi.com).

**You're the brains behind our work.**

**You're ready to bring your knowledge from the classroom to the boardroom, and Citi wants to help you get there.**

**Whether it's honing your skills or building your network, we know that success can't come without growth. The internship program equip you with the knowledge and training you need to play a valuable role on your team, and establish a long-term career here. At Citi, we value internal mobility, and career growth is not a question of if, but when.**

**Citi's Internal Audit – Innovation group is looking for Junior Analysts to join the team in Mumbai, Maharashtra.**

**The team works with members of Internal Audit to identify automation opportunities and develop repeatable solutions. The results of the analytics directly impact the Citigroup's safety and soundness through the testing of key business controls and the identification of emerging risks.**

**Get the knowledge and skills you need to succeed.**

**Citi's Internal Audit offers a 8-week internship opportunity in Mumbai, Maharashtra. This program will provide development-focused opportunities coupled with structured classroom training, mentoring and individual development.**

**As an Internal Audit Junior Analyst, you will get an opportunity to develop analytics solutions working on SQL, Microstrategy, etc. and expand knowledge in the area of Internal Audit function. During the period, you will also be exposed to latest technologies such as Machine Learning, Natural Language Processing, Robotics Process Automaton, etc.**

**Your time at Citi will look something like this.**

**Description :** **The Internal Audit Junior Analyst program begins in July with a 2-day training, providing Junior Analysts with an overview of Citi and an introduction to Citi's Internal Audit Organization. The internship will provide Junior Analysts with Senior and Junior Mentors, networking opportunities and Senior Speaker Events where Citi's senior IA professionals will host discussions and answer questions about their careers and IA functions.**

**During the 8-week internship, you will get hands-on experience in one of these Innovation areas: IA Global Consumer Bank; IA Compliance; IA Risk; IA Technology; IA Innovation. Most opportunities will require and enable cross-functional exposure, giving candidates a well-rounded experience at Citi.**

**The Junior Analysts will receive real-world work, and will be expected to add value to their teams during the 8 weeks. In addition to their daily work, the Junior Analysts will also have the opportunity to network with other IA professionals. The internship concludes with the Junior Analysts presenting their accomplishments and lessons learned to the Senior IA Management team.**

Who we think will be a great fit...
