Designation

Job Profile

Job Title: Design

Job Type: Intern

Company Name: Newzera

Company Location: Indore, MP

Compensation: Best in the industry

Industry: Journalism, Computer Software, Information Technology

Functional Area: Designing

About the Job Role

Interns are like Franklin, right before he discovered lightning. Had the brains, only needed the right moment when the lightning would strike! When lightning strikes in the mind, the idea train begins to take its rounds! If you're stuck with a passion of colours in only high-quality pixels, then we need you on our squad.

Let's crop to the chase, we're in search of our very own Picasso in the digital age. We don't need no Mona Lisa, but we surely need that artistic direction and direction. If you got what it takes to align design with our vision, then don't shy away from sending in your resume.

Minimum Qualifications

- Pursuing Bachelor's Degree in Design or similar/relevant education
- Working knowledge of the latest versions of Adobe Creative Suite and Axure
- Proficiency in graphic design, motion graphics, digital art, a sensitivity to typography, color, layout, and a general awareness of materials/texture
- Excellent written and verbal communication skills
- Experience with and an understanding of market research
- Time and project management skills
- Creativity and an ability to produce innovative and original ideas
- Strong typography skills
- Able to illustrate design ideas using storyboards, process flows, information architecture and sitemaps

Description:

Preferred Qualifications

- Interest in Motion Designing
- Experience using design software such as InDesign, Sketch and Illustrator
- An ability to think strategically and come up with campaigns
- Strong work portfolio that demonstrates systematic and creative design thinking as well as a deep understanding of UI/UX best practices

Responsibilities

- Design and develop
- Study design briefs and determine requirements
- Prepare rough drafts and present ideas
- Develop illustrations, logos and other designs using software or by hand

- Work with copywriters and creative director to produce final design
 Amend designs after feedback
 Identify key interactions of the product
 Stay up to date on technology and trends that will impact users
 Highly detailed communication of design principles + direction, as well as design specifications to engineers
 Increase user-friendliness in digital products
 - Benefits worth INR 20000 (per month)

Maintain brand consistency throughout all our marketing projects

- No need to get 'dabbas' from home. We've got it covered with delicious 5 star catered breakfast, lunch (and dinner) for you, everyday!
- A fully stocked pantry! You can go on munching till your mouth hurts
- An adorably neat and fully air-conditioned boutique office, you would hate to leave
- Shiny new MacBooks, screen setup, headphones, etc. for better work productivity
- Opportunity to work with the best talents from all over the world

Fun working environment

Sponsored educational programs for self development

Support for paid online learning programs

Quarterly excursions and off-sites as a part of team building exercises

We'd hate to see you unwell, but if you do, we've got your back. Paid sick Leaves

There are multiple posture related problems that occur in our field of work. While we can't have Phoebe on board with her
masseuse skills, we do have all the right gadgets and a physiotherapist just a call away, to relieve you from any kind of
pain. Except the heart-ache. We have good coffee to help you cope with that!
